HYDROPHOBIA PROCLAMATION HAS EXPIRED.

It was a Violent Death, Owing to Differences Between Humane Society and City, and

BECAUSE OF COOL WEATHER.

The Dog Catchers Accused of Malfeasance in Office—Said to Have Sold Dogs.

Last night at a conference between Mayor A. T. Sweeney, City Solicitor S. O. Boyce and Chief of Police Clemans, it was decided to call off the hydrophobia or dog-muzzling proclamation, under the provisions of which, owing to the recent hydrophobia scare, all unmuzzled dogs have been taken up by dog catchers acting under the direction of the Humane Society, placed in a dog pound in the East End and executed via the chloroform route, if unclaimed at the end of forty-eight hours. The proclamation expired last night and owners of dogs may retire muzzles to innocuous desuetude this morning.

In taking this action the mayor was ruled mainly by argument that the cooler weather makes the muzzling of dogs no longer necessary, there having been no instances of dogs attacking people this week. In addition the city authorities and the Humane Society agents did not work in harmony, and the society was yesterday relieved from its sponsorship by order of the mayor. It was reported to the mayor that the dog catchers employed by the society were entering yards and houses, in their search for unmuzzled dogs, in violation of law, and that in addition they were selling dogs instead of taking them to the pound.

A RAILROADER KILLED

Last Night at McMechen While Engaged in Uncoupling Cars—Taken to the Benwood Emergency Hospital, Where He Died.

George Costello, of McMechen, a brakeman employed at the Benwood Junction yards, figured in an accident at the yards last night at 7:30 o'clock, and received injuries that resulted in his death later in the night. Costello was uncoupling cars, and stumbled and fell, and was run over by the cars, which took off both legs below the knee and right arm above the elbow. Costello was taken to the Emergency Hospital in Benwood, where he died about 9 o'clock. He was attended by Drs. McDonald and Alley. He is survived by a wife and one child.

ROSY TEACHERS

Look Better in the School-Room Than the Sallow Sort.

Young folks naturally like comely objects, and a good looking, healthy teacher can do vastly more with pupils, everything else considered, than the skinny, dyspeptic teacher can. The instructor in Latin and mathematics in a young ladies' seminary at Macon, Ga., had an experience worthy the attention of any teacher.

She kept running down a little more each year until finally a genuine case of nervous prostration set in and she was confined to her bed for eight months, a perfect wreck, physically and mentally. She and her friends thought it was due to overwork, but she now knows it was due to improper food. Of course the physicians were called in, but there is almost nothing that can be done in such cases, except to rely on well selected food and proper care. She was put upon Grape-Nuts, all medicines, also tea, coffee, and iced drinks were taken away. She had Pestum Food Coffee once a day. The larger part of her food was Grape-Nuts, for this food is made with special reference to rebuilding the gray matter in the brain and nerve centers.

The lady says: "I had been reduced to ninety-five pounds in weight when I began using Grape-Nuts. The new food was so delicious and strengthening that I felt new life at once. I have now developed into a perfectly healthy, happy, stout woman, weighing 135 pounds, the greatest weight I ever attained, and have a wonderfully clear, fresh, rosy complexion, instead of the sallow, bilious hue of the past."

"I never now have a symptom of dyspepsia nor any other ache or ailment. My brain seems as clear and active at night as it was in the morning and I am doing twice the amount of work I ever did. Don't use my name in public, please, but I will answer inquiries." Name can be obtained from Postum Cereal Co., Ltd., Battle Creek, Mich.

Tap, tap all day at the machine until the head throbs with every tap. And when the machine stops for the day the throbbing still goes on. More than any other class of women the large army of women clerks needs to

closely watch the health of the organs peculiarly womanly. For the general health will be disturbed just in proportion as the local health of the delicate, womanly organs is disordered. With irregularities there will come pains in the head, the back or side, nausea and general misery. The happiness of the future life of the wife and mother may be entirely ruined by neglect of the health at this critical period.

Women confined in offices, shut out from necessary exercise will find a faithful friend in Dr. Pierce's Favorite Prescription. It so regulates the womanly functions and so strengthens the delicate organs that pain from these causes will be absolutely done away with and future health be perfectly assured.

There is no opium, cocaine or other narcotic in "Favorite Prescription." Neither does it contain alcohol, whisky or other intoxicant.

"I was so weak I did not have breath to walk across my room," writes Miss Isabel Miller, of New Providence, Calloway Co., Ky. "My periods occurred too often and the hemorrhage would be prolonged and those of blood very excessive. I also had spells which the doctor said were fainting fits. I could not tell when they were coming on but they left me very weak. My stomach would cramp until I could not straighten. This would last for several hours. I did not gain strength from one monthly period to another; was very weak and nervous all the time. I was advised by a kind friend to try Dr. Pierce's Favorite Prescription, which I did and before I had taken two bottles of it I could work all day. I took in all six bottles of the 'Favorite Prescription' and about five bottles of Dr. Pierce's Pellets. I used no other medicine. I have never had a return of this trouble since, and never can praise Dr. Pierce's medicines enough, for I know they saved my life."

Martin's Ferry Fire.

About 12:30 o'clock this morning fire was discovered in the frame dwelling located just above the Aetna-Standard mill, and owned by August Brittenstein. The blaze was caused by a defective flue, which soon had part of the building in flames. The department responded promptly and soon had the fire under control, although it had gained considerable headway before their arrival. The place was occupied by Elmer Frieder and family and a man named Baker. The place is a two-story frame building, and the loss to the building will be considerable, while the household effects consumed in the fire will amount to about \$100.

AMUSEMENTS.

Nell Gwynn seems to have become a fad, and so Henrietta Crossman's coming next Monday night to the Opera House in "Mistress Nell," which was the first of the Nell Gwynn plays to be produced, and scored the best success of all, may be considered something of a novelty, aside from the actress's own popularity. Miss Crossman produced her "Mistress Nell" last June, and with in the past month there has been two other versions presented in London, where both are running. Miss Crossman being first in the field in America, will, however, probably have it to herself.

"The Man From Mexico."

"The fountain head of fun scintillatingly struck," is the verdict accorded "The Man From Mexico" by several captious critics. As an example of American farce writing it occupies a unique position in this latter day craze for Gallic witticisms. The entire treatment of the farce by the author has been of the cleanest and purest type, and the humor is extracted logically. It will be presented here on Friday night at the Opera House with Geo. C. Borlface, Jr., Gus Pixley, M. L. Hockett, Robert Deshon, F. W. Bernard, J. Trew Gray, Arthur Villars, D. H. Landon, D. W. Siegrist, Helen Baird, Agnes Burke, Mildred Keith and Adeline Mann in the cast.

"A Secret Enemy" To-night.

The Grand Opera House was packed to the doors again last night. The Brauns company gave an elaborate scenic production of "City Lights." The play was capably cast, and the work of

the principals, as well as the excellent mounting of the play came in for liberal applause. The specialties were well received. To-night the company will present the great melodramatic success, "A Secret Enemy," with an entire change of specialties between acts.

Republican Croations.

At a meeting held last night at North Benwood, the Croation-American Republican Club was organized, with 104 members. The following officers were elected:

President—John Lubie.

Secretary—Steve Wendt.

The indications are that the club will receive many additional members. It is a crack organization, and will make itself felt in the campaign. The Croation-Americans are in favor of continued prosperity, and realize that a vote for McKinley and the Republican candidates is the only way to insure its continuance.

The J. J. Gill Club.

The J. J. Gill Republican Club, of Martin's Ferry, eighty strong, accompanied by the J. J. Gill band, sixteen strong, and the J. J. Gill drum corps, was out last night, and had a fine drill on Main street, in Martin's Ferry. This is the crack marching club of the over-the-river town.
